

Rainbow Gym Club C.I.C CCTV Policy

Using CCTV for security and crime detection/prevention

Rainbow Gym Club C.I.C has a CCTV system that records and covers all working areas on the premises, including reception, main gym area and viewing areas and is used solely for security purposes.

The CCTV cameras are located in the following areas:

- At the back of the gym facing the front entrance
- To the left of the gym facing the side entrance
- To the right of the gym facing the fire exit
- In the office facing the reception area

There are no CCTV cameras around toilets or changing facilities or in the back room where the children eat their break.

CCTV is not monitored by an outside company and is viewed only in the instance of a crime or if a complaint has been made and a member requests to view it or in the instance of an accident or a report of incidents in the gym.

We have carried out a legitimate interest assessment (LIA) to ensure that the above processing is necessary and is carried out in a way that ensures a balance between the club's interests and your individual interests, rights and freedoms with appropriate safeguards, especially to protect the interest of data subjects who are children. This is viewable on the website.
